THE RULES!

BASIC RULES

A match is played - best 3 out of 5 games
For each game, the first player has to reach 11 points to win
A point is scored for each successful rally
You must get the ball in your opponent's half
The edges of the table count but the sides do not
The ball must not touch the posts or net, or the rally will be a let
(no point for either team)

HOW TO SERVE

The ball must rest on an open hand palm. The ball must be thrown at least 6 inches up and hit so the ball first bounces on the server's side and then the opponents side.
If the serve is legal except that it touches the net, it is called a let serve.
When there is a let serve you replay the point.

HOW THE GAME WORKS

Players switch service after every 2 points.
If the score reaches 10-10 then it is 1 service each from that point.
Winner is first to 11 points but you must win by 2 clear points.
